“ Carey and David, I'll always remember the time we all drove from your place, to the Detroit airport, he criticized every aspect of my driving possible (in a joke way). I'm pretty sure that my gray hairs started coming in that very night! And I'll remember the time we were in Myrtle Beach and I caught a cold. I couldn't figure out why I felt so much hotter than I thought I should be, only to learn that Danny had secretly turned on my heated seat.

I'll miss my partner in crime & mischief, partner in comic relief. But I will try to keep things just as lighthearted in his absence.

Lots of love to you and the family.

“ Even though I only met you last summer you created some memories in that short period. I will miss seeing you drive by on the golf cart after you snuck away without Carey knowing. Also the time we all went out fishing together and just enjoyed the after noon of peace and quiet of the lake. Danny you will be missed. Thanks for the memories.

“ Carey, Aunt Anna, Uncle Gord and families: Danny's kind and hugging reception given to me at Aunt Maxine and Uncle Jack's anniversary celebration at his house is the last memory I will forever engrave in my mind and heart. A sweet, gentle , kind first cousin that I had the honour to babysit him in his younger years. Danny was a diligent, hard working man that provided for his children. My only wish is that we could have had more family reunions as we all progress in age. Love you Danny.
